

# A-class conveyor

The A-class conveyor line is an extensive, broad line of conveyors from Cermax. As standard, it has a hydraulically height-adjustable infeed, consisting of a hydraulic power unit that provides control of the belt cylinders and infeed cylinder via electric valves. Standard equipped with a two-speed motor and high chevron belt.

	A800	A900	A1000	A1200
Length	8.4 m	9.4 m	10.5 m	12 m
Max. height	4.1 m	4.4 m	4.7 m	5.2 m
Overhang	3.6 m	4.1 m	4.7 m	6.2 m

## Features

- Large capacity / reliable
- Rubber chevron belt with high flights
- Heavy-duty drive shafts and large bearings
- Large infeed hopper
- Retractable drawbar
- Also suitable for fertilizer and grain
- Two-speed gear motor as standard
- Hydraulically adjustable infeed height
- Standard belt speeds 25 and 50 m/min
- Two-component paint

## General options

- Van de Graaf brand drum motor with variable-frequency drive
- Belt with curved, full-width flights (instead of standard chevron belt)
- Main wheels that can turn perpendicular to conveyor
- Electrically driven main wheel (optionally in combination with main wheels that can turn perpendicular to conveyor)
- Sprayed in different colour
- Line control (specify brand)
- 2 LED work lights
- Large infeed hopper with filling grid and pricker
- Belt cover made of galvanized sheet
- Covers on the underside of the conveyor belt so that dust/sand does not leak out
- Discharge chute with flap
- 4x swivel castors, industrial type

**Option:** main wheels that can turn perpendicular to conveyor, with electrically driven main wheel

**Option:** large infeed hopper with filling grid and pricker, belt cover made of galvanized sheet, discharge chute with flap

**Features:** hydraulically adjustable infeed height, retractable drawbar

**Features:** rubber chevron belt with high flights, two-speed gear motor as standard
