

# B-class conveyor

The B-class line is Cermax's basic belt conveyor. This conveyor can be used for anything, thanks to its simple operation and robust frame. This conveyor has a high chevron as standard, and is height adjustable through the use of two lift cylinders and a hand-operated pump. The belt motor has one speed and is supplied as standard with a 10 metre long cable with a phase change plug.

	Cermax B500	Cermax B600	Cermax B700	Cermax B800	Cermax B900
Length	5 m	6 m	7 m	8 m	8 m
Max. height	2.8 m	3.2 m	3.6 m	4 m	4.2 m
Overhang	1.4 m	1.6 m	3.5 m	4 m	4.3 m
